PROFILE

Versatile Computing Education and Digital Literacy professional with a Bachelor of Science in Computer Security and Forensics and over 4 years of progressive experience implementing digital literacy programs across community and conservation-based education initiatives. Proven expertise in curriculum development, teacher training, and implementing secure ICT infrastructure in community and conservation settings. Currently leveraging technical depth as an AV Consultant to design and install integrated conferencing and electronic solutions for corporate and institutional clients. Committed to expanding access to high-quality, secure technology instruction and empowering educators through innovative EdTech integration and robust system reliability.

TECHNICAL SKILLS

- Digital literacy training & EdTech integration (including ARES and Kolibri)
- ICT technical support, hardware troubleshooting, Windows/Linux systems, and networking
- Raspberry Pi, Scratch programming, Python programming, and foundational web development (HTML, CSS, JavaScript)
- Curriculum development, CBC-aligned digital material and teacher capacity building
- Data collection, tracking, assessment, and reporting
- Cybersecurity principles, threat awareness, and system security practices
- Microsoft Office, technical documentation, and reporting
- Audio-visual systems setup and support

SOFT SKILLS

- Clear and effective communication skills
- Strong problem-solving abilities and analytical thinking
- Collaborative team player
- High adaptability to new environments
- Good time management and multitasking skills

PROFESSIONAL EXPERIENCE

VAULT ELECTRONICS **Jan 2025 – Present**

Audio Visual Consultant & Technology Solutions Associate

- Design, install, and deploy integrated audio-visual and conferencing systems for corporate and institutional clients
- Support end-to-end technology projects including system design, installation, testing, and deployment
- Provide technical support and troubleshooting to ensure system reliability
- Conduct site assessments and recommend scalable technology solutions
- Deliver user training and post-installation support
- Collaborate with teams to implement modern, innovation-driven AV solutions

Ol PEJETA CONSERVANCY **Jun 2025 – Jan 2025**

Digital Literacy Facilitator

- Delivered structured digital literacy programs and ARES-aligned digital learning technology to community-sponsored schools, ensuring effective integration into teaching and learning.
- Provided hands-on ICT technical support, utilization training, and troubleshooting to teachers and students on computer basics, digital tools, online safety, and hardware/software issues.
- Facilitated teacher capacity building to support curriculum delivery through digital approaches and ensured ICT laboratories were accessible, functional, and well-utilized.
- Tracked participant progress, assessed learning outcomes, and adjusted training approaches for improved effectiveness
- Collaborated with community schools, internal stakeholders, and education partners to expand outreach and support conservation-aligned digital inclusion initiatives.
- Contributed to data tracking, reporting, and stakeholder engagement for community development programs.

COMMUNITY EMPOWERMENT THROUGH EDUCATION (CETE) **Jan 2024 – Jun 2025**

Digital Literacy Program Curator

- Designed comprehensive digital literacy curricula focused on practical technology use, online safety, and basic productivity tools.
- Led digital skills workshops for youth, adults, and educators.
- Coordinated training schedules, participant engagement, learning assessments, and program documentation across multiple locations.
- Evaluated program effectiveness through feedback analysis and skills assessments, driving continuous improvement.
- Collaborated with schools, libraries, and community centers to identify skill gaps and customize training content.
- Supported participants in applying digital skills to education, employment, and daily life needs.
- Contributed to program reporting and documentation for stake holders and partners.

HUMAN PRACTICE FOUNDATION **Nov 2023 – Jan 2024**

Digital Literacy Intern

- Assisted in the delivery of foundational digital literacy training covering computer operation, internet use, and digital safety.
- Developed simple, user-friendly training materials and practical exercises to enhance learner engagement.
- Provided individualized technical support, addressing learning challenges and basic ICT issues.
- Supported outreach activities aimed at increasing access to digital education for underserved communities.
- Collected and analyzed participant feedback to support curriculum improvement and program refinement.
- Assisted trainers with session planning, facilitation, and logistics.

LEWA WILDLIFE CONSERVANCY **Feb 2023 – Nov 2023**

Digital Literacy Intern

- Facilitated digital literacy workshops for community supported schools.
- Delivered training on computer basics, internet navigation, email use, and online safety.
- Created and adapted training resources to suit varying literacy and skill levels.
- Provided hands on technical assistance for basic hardware and software issues.
- Created KICD approved learning materials for the community sponsored schools.
- Adapted learning materials to align with CBC competencies and age-appropriate learning outcomes.
- Assessed learner progress and refined instructional approaches for improved outcomes.
- Supported conservancy wide digital inclusion and community development initiatives.

RASMILINK LIMITED **Nov 2022 – Feb 2023**

Networking Attaché

- Assisted in the installation, configuration, and maintenance of network infrastructure, including routers, switches, and firewalls.
- Supported network monitoring, troubleshooting connectivity issues, and resolving incidents efficiently.
- Provided first-level technical support to end users, addressing network and system-related issues.
- Assisted in documenting network configurations, system layouts, and troubleshooting procedures.
- Gained hands-on exposure to enterprise networking environments and IT support operations.

GOOD SHEPHERD SISTERS **Nov 2020 – Feb 2022**

IT Attaché

- Provided technical support and troubleshooting for hardware, software, and network systems.
- Monitored, maintained, and secured network infrastructure for reliable connectivity.
- Assisted in IT project planning, execution, and digital transformation initiatives.
- Implemented cybersecurity measures and ensured compliance with data protection standards.
- Conducted staff training and prepared manuals to improve IT knowledge and efficiency.
- Managed IT assets, inventory, and software licensing to optimize resources.
- Coordinated with vendors and internal teams to ensure smooth IT operations.

EDUCATION

2018 – 2023: Bachelor of Science in Computer Security and Forensics, Meru University of Science and Technology.

CERTIFICATIONS

Cyber Shujaa - Cisco Certified Ethical Hacker (CEH) – Cisco Networking Academy

- Hands-on experience in network security, vulnerability assessment, and penetration testing fundamentals
